SOLUTIONS FOR TEXAS

OUR ADVANTAGE

Workers' comp is all we do, and we do it better than anyone else. Our workers' compensation solutions help you control costs, improve safety and increase productivity.

OUR SERVICES

Competitive premiums

We monitor the market to ensure that our premiums are among the most competitive in the industry.

Safety groups

Members get a premium discount, an industry-specific safety plan, and potential group and individual dividends.

Dividends

Since 1999, Texas Mutual has returned \$1.4 billion in dividends to safety conscious policyholders. The majority of that total—\$1 billion—will have been paid since 2007.

Claim management

Our claim teams are dedicated to ensuring injured workers get quality care and return to productive employment.

Health care network

Policyholders who enroll in our workers' comp health care network benefit from a team of doctors and case managers with unique experience in handling workplace injuries. Most policyholders who choose the network option get a 12 percent annual premium discount.

Zero tolerance for fraud

Our three teams of investigators are committed to protecting your premium dollars.

Safety services

Our loss prevention professionals, streaming videos and other online safety tools help you protect your employees and manage your claims.

Subrogation specialists

Our subrogation specialists recover costs from third parties who contribute to on-the-job accidents.
